

250 Pendant

The 250 Pendant light is a simple, minimalist fixture that was designed to be hung in any way the interior designer chooses, from mass installation or singularly over a night stand or wash station. They are simple to maintain due to the use of an off the shelf MR11 LED bulb which makes the 250 Pendant ideal for commercial and hospitality applications as well as in the home. Please contact Mike to discuss the many suspension options for the 250 Pendant.

As is typical of Mike's designs, sustainability principles are key. He only uses North American hardwoods (Eastern Maple, Ash, White Oak and Black Walnut) but all the finishes and glues meet Mike's strict "Home Friendly" criteria. In addition to this, the 250 Pendant uses off the shelf MR11 LED bulbs, making the 250 Pendant easy to maintain. Details on product care, service options and warranties can be seen [here](#).

Dimensions:

Height: 27"

Diameter: 1.75"
