

# Samara

Inspired by the Canadian maple and the sculptural beauty of its falling seeds, Samara transforms a natural icon into luminous form. The name, taken from the winged seed itself, evokes movement and grace. Influenced in part by the work of Milanese jeweller James Rivière, Samara reflects both craft and concept.

Available in a range of configurations and scales to perfectly fit your space, its modular canopy system adapts to each space and is perfectly suited for vaulted ceilings.

## Power:

- 48v 60W remote power supply.
- Cassambi ready controller (CV power to 4 channels CC power)

## Light Engine Specs:

400 lumen per unit, using 3000K, 90+CRI OLEDs

## Canopy Dimensions:

Canopies are made to fit the installation, the canopy for the Samara 6 is: 50" x 28"

Comes with 6' cable length on all fixtures, as standard, to allow for field adjustment but can be scaled to any space

## Certification:

*While the Luma is only certified for use in Canada all the components used are UL / ETL certified. All installations should be done by a qualified electrician.*

## Dimming:

This light comes as a Cassambi ready fixture with options for Bluetooth controls via their app or wireless wall switches.

## Wood Finish Options
