# A day in the life

When you think about the objects we surround ourselves with, what do they say about us? We don't merely occupy our environments we live in them. A sofa is a very personal item, pivotal moments in your life happen on a sofa. Oh the stories they could tell of seductions, divorce, family reunions, office party's trysts and tentative teenage romance - beginnings and endings. How many Montauk's have cocooned a new mother and baby, how many books read or music listened to, politics fought over? Montauk creates furniture of and for the times we live in, influenced by the culture, the art and design, the history and pace of the world we inhabit.

# THE MODERN COLLECTION

# Made in Montréal

All Montauk Sofa upholstered products are hand made at our Montreal factory in St. Henri. Montauk sofas always start out with a traditional solid wood frame covered with springs which are held in place by eight-strand flax rope (the highest standard in the industry), all covered by memory foam and down filled feather cushions. There is no compromising on quality. The depth of the couch is generous, the cushions offer incredible support, allowing you to sit or lounge in absolute comfort.

Montauk's range of custom design options enable clients to create furniture uniquely fabricated in accordance with individual needs and personal vision. Adapt a love seat to convert to a sofa bed, create a customized sectional arrangement, extend the standard measurements of a sofa or order light weight linen slipcovers to transform a living space to reflect the change of seasons... the only limit is the imagination. Standard measurements (length, height and width) on all our products can be altered and customized to your needs upon request.
